

LIBRARIES-BY-MAIL ENROLLMENT

Dear Library User,

Thank you for your interest in the Libraries-By-Mail program for residents of Morris County. This program is for those who are home-bound, disabled, or otherwise unable to get to a library unassisted.

The application and flyer (enclosed) describe the types of material you can request and how the program works.

To enroll in the program, fill out the application and return it to us in the enclosed envelope.

On the application, please:

- Circle the type of material you wish to receive - books (large print, regular print or audiobooks), music (CDs), movies (DVDs or videocassettes)
- Circle your subject interests and list your favorite authors, performers, etc.
- Include your library card number. If you do not have a library card and cannot get to your town library, we will obtain one for you .

When we receive your application, I will call you to verify your selections and then we will begin to send material to you.

Sincerely,

Mitch Greenberg
Libraries-by-Mail coordinator
